#### **10. LIMITED ENGLISH PROFICIENCY (LEP) PLAN**

Montgomery County has prepared this plan in accordance with Title VI of the Civil Rights Act of 1964, as amended, which states that no person shall be subjected to discrimination on the basis of race, color or national origin. The purpose of this plan is to help identify reasonable steps for providing language assistance to individuals with limited English proficiency who wish to access services provided by Montgomery County.

Presidential Executive Order No. 13166, titled "Improving Access to Services for Persons with Limited English Proficiency," indicates that individuals treated differently based upon their inability to speak, read, write or understand English is a type of national origin discrimination. Presidential Executive Order 13166 defines limited English proficiency persons as those individuals who do not speak English as their primary language and have limited ability to read, speak, write or understand English.

In order to prepare this plan, Montgomery County utilized the U.S. Department of Transportation four-factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons in the service area who may be served or are likely to encounter a Montgomery County program, activity or service.
  2. The frequency with which LEP persons come in contact with Montgomery County programs, activities or services.
  3. The nature and importance of programs, activities or services provided by Montgomery County to the LEP population.
  4. The resources available to Montgomery County and overall cost to provide LEP assistance.
- 
1. Using 2010 census data, it has been estimated that 4.6% of Montgomery County's population, age five (5) years and older, speak a language other than English. Therefore, it is estimated that 95.4% of Montgomery County's population, age five (5) years and over, speak only English. Approximately 3.3% of the population speak Spanish or Spanish Creole, 1.0% speak other Indo-European languages, .01% speak Asian and Pacific Island languages and 0.0% speak other languages. Montgomery County has further broken down census data to assist with identifying those areas within Montgomery County where English proficiency is limited. Montgomery

County will be accommodating those individuals by posting in public areas access to information in other languages. Montgomery County's website offers many other languages including Spanish.

2. Montgomery County assesses the frequency with which LEP individuals come in contact with any of our programs, activities or services. This has been accomplished by utilization of the Voluntary Title VI Public Involvement Survey (Appendix H), surveying staff, documenting phone calls and other correspondence in which language barriers existed, and tracking inquiries or requests for language assistance. Based on the results of our research Montgomery County has minimal contact with LEP individuals, we have been able to accommodate the language barrier.
3. Montgomery County is responsible for all roads, bridges and small structures (less than 20 foot span) within Montgomery County which are not State highways and which are not within the corporate limits of a city or town. They are also responsible for bridges which have a span of 20 or more feet on all roads in Montgomery County which are not State highways. Montgomery County has 11 townships within approximately 844.31 miles of roadway and rights-of-way and 172 bridges. Montgomery County strives for safe and accessible roadways, and continues to work to improve the transportation is critical to the public as it provides access to emergency services (fire, police, etc.), health care, employment and other essential individual needs. If this information is not accessible to people with limited English proficiency, or if language services in these areas are delayed, the consequences to the individuals relying on these services could be life-threatening.
4. Montgomery County has within its jurisdiction higher education institutions that provide language services. Ivy Tech has a campus located within Montgomery County. Many of their courses are also offered at public education centers and elementary/secondary schools. Adult learning classes are available and presented through seminars with some provided at no cost.

The analyses of the four factors suggest that LEP services are not substantial at Montgomery County at this time. Montgomery County, however has committed to the following:

- Continue offering, upon request, translators free of charge for Montgomery County public meetings, programs and activities if requested within forty-eight (48) hours in advance.

- Provide access to information and documents in other languages in those demographic areas identified with limited English proficiencies.
- Continually monitor our website and make adjustments as necessary to ensure information is accessible to LEP individuals.

Montgomery County is aware that the community profile is ever-changing; therefore, this LEP plan and the four factor analysis will be re-evaluated on an annual basis to ensure that the plan remains reflective of the community's needs. Individuals requiring special language services or accommodations should contact Montgomery County's Title VI Coordinator.
