For each transfer that did not occur on a routine basis or was inconsistent with the activities of the fund making the transfer that is identified in the above schedule, provide a general description of the principal purpose of the interfund transfer. One general description can be provided even if multiple funds are impacted or more than one transfer occurred. (An example of a non-routine transfer: a transfer to a wastewater enterprise fund for the local match of a federal pollution control grant, an example of a transfer that is an inconsistent activity of the fund: a transfer from a capital projects fund to the general fund.)
