# Introduction: Ordinance 2022-27 - Establishing the 2022 Health Department Lead and Healthy Homes Grant Fund

Beginning July 1, 2022, the new Emergency Rule, temporarily amending 410 IAC 29 became effective. This Emergency Rule updates definitions and other important guidelines used for lead case management, including lowering the standard for an elevated blood lead level from 10 ug/dL to 3.5 ug/dL and the benchmark for beginning case management services from 10 ug/dL to 5 ug/dL.

In an effort to assist counties in meeting the requirements for the rule change, the state provided grants with value based on assumed case load impact. The Montgomery County Health Department was awarded a grant in the amount of \$47,304 (\$27,403 in lead case management and \$20,261 in lead risk assessment). Funding covers both case management and environmental inspections, and funding is available as a 24-month award from July 1, 2022 to July 30, 2024.

#### Resolution

#### Resolution 2022-7 Approving Multi-Hazard Mitigation Plan

Montgomery County EM-HS, in cooperation with the towns of Alamo, Darlington, Ladoga, Linden, New Market, New Richmond, New Ross, Waveland, Waynetown and Wingate and the City of Crawfordsville have prepared an update to the 2016 Multi-Hazard Mitigation Plan (MHMP) to address the risk and vulnerability of communities in the country which may be affected by known natural, man-made and technological hazards.

The Disaster Mitigation Act of 2000 (DMA 2000) required communities to update their MHMP every five years in order to be eligible for any future mitigation funding through the Indiana Department of Homeland Security and the Federal Emergency Management Agency. The intent of the MHMP is to plan for a disaster before it occurs in order to reduce the physical, social and economic impact of that disaster. Topics covered in the update include: an overview of the planning requirements; a summary of the risk assessment and vulnerability analysis; and proposed mitigation projects for prevention, property protection, natural resource protection, emergency services, structural control projects, and public information. Christopher Burke Engineering has helped facilitate this process. *Commissioner Fulwider moved to approve Resolution 2022-7 Approving Multi-Hazard Mitigation Plan. Seconded by Commissioner Guard. Motion carried 3-0 votes in favor.*
