CONSENT AGENDA

Approval of Claims: AP - \$29,951,103.08 (including \$25,896,451.45)

Payroll - \$ 485,477.42

Minutes: December 9, 2024

Acknowledge Receipt of 2024 Annual Reports:

Risk Assessment - *The Risk Management Committee is responsible for an annual review of the Risk Management Plan. As a result of the annual review, the Risk Management Plan may be amended to address deficiencies. The attached Report presents recommendations for amendments to the Plan.*

Internal Controls - *The Internal Controls Committee is responsible for an annual review of the Internal Controls Policy. The Committee may issue recommendations to address concerns that have been identified. The Report discusses the concerns and provides recommendations.*

Title VI - *Annual Title VI Reports are required to keep in compliance with Title VI rules and regulations.*

ADA - *Annual ADA Reports are required to keep in compliance with ADA rules and regulations.*

Public Hearing: Re-Zone Request Ronald & Kimberly Kiger 10250 East Block of SR32 from Residential to Commercial

Ronald and Kimberly Kiger filed a proposal to rezone from Residential to Commercial certain parcels of land in the 10250 East Block of State Road 32 for a wedding venue and chapel. The Plan Commission added the following conditions for approval:

- INDOT Approval required for entrance access prior to issuance of permits for construction.*
- Landscape buffer per 18.09 required on east property boundary.*

- *Staff recommends hours of operation be set for venue (8am to 11pm).*
- Ordinance 2024-36 Approving the Request of Ronald & Kimberly Kiger and Rezoning Certain Parcels of Land at 10250 East Block of State Road 32 from Residential to Commercial**

Public Hearing: Re-Zone Request of Dwight Alex Miller and Rezoning a Certain Parcel of Land North on Fall Creek Road from Agricultural to Residential Subdivision (R-2)

A 6-acre parcel owned by Dwight Alex Miller for the purpose of residential development. Specifically, the petitioner requests to rezone a certain parcel of real estate located north of Fall Creek Road from agricultural to residential subdivision (R-2) for single family residential development. That development of the six-acre site is limited to no more than two lots, each containing one single family dwelling and that the site will be developed substantially similar to the concept plan presented to the Commission at the public hearing.

Ordinance 2024-37 Approving the Request of Dwight Alex Miller and Rezoning a Certain Parcel of Land north of Fall Creek Road from Agricultural to Residential Subdivision (R-2)

Public Hearing: Text Amendments to Zoning Ordinance Adding Article 20 to the Zoning Code re: Commercial Battery Energy Storage

Text amendments to the Montgomery County Zoning Ordinance would add Article 20, Commercial Battery Energy Storage Systems, to the Zoning Ordinance, and the Commission voted unanimously on October 16, 2024 to send a favorable recommendation on the text amendment to the Commissioners.

- *Proposed text amendments provides for such commercial battery energy storage systems to be in Industrial Districts and be subject to certain regulation.*
- *Text amendments will lead to the conservation of property values throughout the jurisdiction by providing for standards that promote growth but protect current uses that are of a different type in adjacent properties.*

Ordinance 2024-38 Adopting Text Amendments to Zoning Ordinance

The County has contracted with Thrive for administration and program implementation. OCRA requires entities to submit a Request for Release of Funds & Certification for Owner-Occupied Rehabilitation.

ORDINANCES

2nd Reading Ordinance 2024-32 Ordinance Creating the 2025 Problem-Solving Family Recovery Court Grant Fund - \$106,710

This Ordinance establishes the 2025 Problem-Solving Family Recovery Court Grant Fund. Montgomery Superior Court 2 has been awarded a grant in the amount of \$106,710 from the Indiana Office of Court Services to cover key program expenses

for the 2025 Problem-Solving Family Recovery Court for the 2025 calendar year.

2nd Reading Ordinance 2024-34 Establishing Speed Limit on Purple Heart Parkway between US Highway 231 and Ladoga Road

The addition of a new roadway known as Purple Heart Parkway between U.S. Highway 231 and Ladoga Road has recently been completed; and the Board now finds that the speed limit for Purple Heart Parkway from U.S. Highway 231 to Ladoga Road should set at 30 miles per hour.

Introduction Ordinance 2024-35 Amending Employee Handbook

3. EMPLOYEE BENEFITS

3.02 INSURANCE

The County provides a comprehensive group insurance program that includes medical, dental, and other benefits. Employees seeking more information regarding these benefits may contact the Auditor.

Under the terms of the County's group medical plan, a full-time employee is eligible for coverage so long as the employee is either:

- (1) working full time;*
- (2) is not working but has not exhausted all of the employee's PTO and sick leave; or*
- (3) is not working, has exhausted the employee's unused PTO and sick time, but is on Family Medical Leave Act leave (FMLA).*

When a full-time employee is no longer working full time, has exhausted the employee's PTO and sick leave, and is not on FMLA leave, the employee's eligibility for coverage ceases. When the employee is no longer eligible for this coverage, the County will provide to the employee notice of this fact (COBRA notice), and this notice will inform the employee of the employee's rights to continue the coverage at the employee's expense and of other rights of the employee.

In the event that two or more members of the same immediate family are employed by the County, all are eligible for coverage. If spouses are employed by the County, the insured will be based on the spouse whose birthday comes first in the calendar year.

Introduction Ordinance 2024-33 Ordinance Granting the Vacation of a Certain Alleys and Streets in the Unincorporated Town of Kirkpatrick

October 21, 2024, the Board of Commissioners received a request from Roxann Hudson, as Trustee of the Patsy D. Lane Trust to vacate an unimproved alleys and certain unimproved streets in the unincorporated Town of Kirkpatrick, south of the former railroad right-of-way, specifically:

- a. An alley which is adjacent to and south of lots 26 and 27;
- b. An alley which is adjacent to and east of lots 22, 27, 28 and 33;
- c. A street which is adjacent to and north of lot 23;
- d. A street which is adjacent to and east of lots 20, 21, 23, 26, 29 and 32; and
- e. A street which is adjacent to and south of lots 32 and 33.

The Board of Commissioners conducted a public hearing on the petition on November 25, 2024 and no problem owners appeared to object to the vacations of the alley and street as requested. No objections have been filed. The Board finds that it is in the best interests of the citizens of Montgomery County that the vacations should be granted.

Risk Management Annual Report

December 20, 2024

Introduction

The Montgomery County Board of Commissioners adopted its current Risk Management Policy in 2014. This plan is reviewed annually by the Risk Management Committee. The Committee consists of Sheriff Ryan Needham, Council Member, Steve Loy, Commissioner John Frey, Auditor Mindy Byers, Building Administrator Marc Bonwell, Highway Director Jake Lough, County Administrator Tom Klein, and County Attorney Dan Taylor. The Committee also confers with the County's Insurance Agent, Robb Williamson, and risk management consultants of the County's insurance carriers, Travelers Insurance and workers compensation carrier, IPEP Risk management. The Committee met in 2024, in order to discuss the policy and to review the risk management recommendations and resources available from the County's insurance carriers.

The Committee discussed known risks and the claims experience of the County during the last twelve months. The Committee reviewed the existing policy and current management techniques. The Committee reaffirmed the importance of continued interaction with the carrier and training of department heads and employees. IPEP's Josh Schermerhorn presented information to the Committee on claims and their breakdown and when IPEP can assist the County with training and other information.

Summary of Annual Review

The Committee noted that the County administration continues to actively manage risk and implement the action steps of the Risk Management Plan. The Committee noted improvement in many areas of risk management as a result of training and focused management practices. The Committee discussed new risks, claims history, and risk experience in 2024.

The Committee was provided claims data and litigation case information and discussed how to effectively reduce and limit claims including through education, best practices, and training. The Committee also discussed the increased risks involving cyber security and the County's use of its IT contractor, Edge IT, to minimize threats as well as insurance to provide coverage and a specialized IT team response in the event of a cyber-attack or breach of the system.

The Committee identified certain action necessary to improve and enhance risk management, and these are:

1. Roads: Continue to annually review needed safety measures and implement the Traffic Safety Plan and systemically address the repair of potholes on County roads;

2. Police Interaction: Continue to review action necessary to promote inmate safety and appropriate interaction in the community;

3. Motor Vehicle Use by Employees: Provide reminders to Department Heads to conduct annual training and need to obtain driving records and insurance information from employees who drive as part of their employment. The Committee recommends that the County Administrator supervise this action;

4. Workers Compensation: Provide reminders to Department Heads to conduct annual safety training and implement the recommendations from the County insurance carrier and agent. In training, remind Department Heads of need for immediate reporting and discuss IPEP recommendations.

5. Legal Compliance: Continue to provide annual training to Department Heads on general employment issues, Internal controls, ADA, HIPAA;

6. Security: Engage the Security Committee in order to review safety and security measures at all facilities and continue to implement security measures for new Government Center and other County facilities. Also conduct annual fire, weather, and active shooter drills for all employees.

7. Social Media: Continue to review and update the social media policy;

8. IT Security: Remain vigilant and engage Edge IT in order to identify needed action to protect County IT from malware and ransomware threats. Continue to implement measures required for insurance coverage for these risks. The County has developed an emergency response team to address malware and ransomware intrusions, and the Committee recommends that the team meet annually to prepare for the discharge of its obligations.

Montgomery County 2024 Risk Management Plan

What are the significant problem areas of risk?

One key component of a risk management plan is the assessment of risk. In other words, as the County carries out its responsibilities and its essential functions, how are people put in harm's way? Some of the significant areas of risk in Montgomery County are:

1. **Traveling on roads and streets:** Statistically, motor vehicle travel is one of the most significant risks to the public. Because the County manages the design, construction, maintenance, and control of traffic, it has a major role in managing this risk. Each year, the County is made a party to several lawsuits regarding road design, placement and maintenance of traffic control signals and signs, shoulder maintenance, management of safety issues during road and street construction, road and street maintenance, and weather-related safety issues. Although it is rare that the County pays damages from its funds, the County's liability carrier has paid claims made against the County. And this claims history adversely affects the County's liability premiums. In this litigious era, many claims are made against the County even where there is little or no evidence of negligence on the part of the County;
2. **Interaction with police officers:** Another growing area of liability centers on arrests made by the police. Civil rights litigation, police chase litigation, off-duty work litigation and alternative restraint/use of force (Tasers) litigation has recently increased dramatically against municipalities. Although complainants have a difficult burden of proof in these types of cases, many lawsuits are filed because of the significant damages awarded in the successful cases. The defense of these cases is very expensive. Although the County has liability coverage for some of these cases, insurance carriers do not cover conduct which is illegal. Therefore, the County is at risk of having to pay such judgments from its general fund. Worse, officers may be personally liable for some conduct related to most of these types of cases, and officers are frequently made parties in many of these cases. The Sheriff also must manage the jail in a manner which minimizes risk of liability, and as the population of the jail has increased, this risk has increased.
3. **Motor Vehicle use by County employees:** If employees are negligent while driving County-owned vehicles, the County will be made a party in the resulting litigation. These cases have been rare in the recent past in Montgomery County, but given the frequency of use it is almost inevitable that this risk will present itself from time to time for most municipalities;
4. **Workers Compensation:** The County spends a significant amount of money for workers compensation insurance. Prudent training and safe work practices significantly reduce the risk for the County, but a single large claim could not cause financial strain on the County in the form of increased future premiums;

5. **Facility Use:** When members of the public use the County's buildings and other facilities, the law imposes upon the County significant risks of liability. Poorly maintained facilities, failure to appropriately react to weather-related conditions, and security-related issues often lead to liability for municipalities. Obviously, the Courthouse and Jail present several risks which are challenging and deserve attention;
6. **Legal Compliance:** Failure to follow state, federal or local laws creates a risk of liability for the County. Employees are required to follow the public bidding laws, purchasing laws, Open Door Law, Access to Public Documents Law, safety laws, and many other laws in the discharge of their responsibilities. In the past, the County has incurred attorney's fees in the successful defense of claims alleging noncompliance. This shows that even when employees are compliant, there is a risk which needs to be managed diligently;
7. **Use of e-mail:** Litigation arising from the use of e-mail is also a developing area of litigation for municipalities. The e-mails of County employees and officials are available to everyone – like a public bulletin board. Recently, municipalities have been confronted with cases alleging slander because of internal and external e-mails. In one case, the mere act of forwarding an e-mail which contained unfavorable comments led to a municipality being named a party in the case. Care should be taken in the drafting, distributing and responding to e-mails. The County has an IT use policy to guide employees regarding the appropriate use of this useful tool. In addition, in almost all forms of litigation against the County, requests are routinely made for all e-mails related to the dispute. This practice makes all e-mail potential exhibits in litigation – something most employees would not regularly contemplate. Personal use of County e-mail is also a problem since almost all e-mail is public information.
8. **Labor Law Compliance:** Claims of discrimination, fair and equal pay, wage and hour violations, and unsafe work conditions are common for municipalities, and Montgomery County is no exception. Compliance with Labor Law requires frequent training and working knowledge of the law. Although these claims may be easily avoided by knowledgeable and diligent supervisors, claims are frequent and need to be addressed.
9. **Security:** As recent events have shown, there are inherent risks in operating facilities which are open to the public. The County has developed a comprehensive security plan in order to address the risks associated with safety and security in its buildings, and all employees need to be diligent in protecting themselves and each other.
10. **Hire & Fire Issues:** Employment decisions are fraught with risk. At the hiring level, supervisors should ensure that the County is not hiring persons with criminal or violent histories which could cause the new employee to be a danger to other employees or the public. When terminating an employee, there are a number of legal issues which need to be

properly addressed in order to protect the County from liability. Common termination concerns are discrimination, compensation, retaliation, and leave issues.

11. **Drainage:** In the administration of the County Drainage Law, the County may be subject to claims for inverse condemnation and damages. Although such claims are not numerous, they are costly to defend.

12. **Land Use Regulation:** The County has adopted a Zoning Ordinance. The regulation of land use also poses a risk of inverse condemnation, property rights claims and other claims associated with the administration of the ordinance.

13. **IT Security:** Local governments have been increasingly subject to attack by malware and ransomware. This risk required both additional IT measures and additional insurance.

14. **Social Media:** The use of social media by local governments may lead to defamation and privacy claims.

These are just a few of the major risks. In order to catalogue all risks faced by the County, the Committee prepared a risk assessment tool and requested feedback from all department heads regarding the risks they encounter as they manage their departments.

What tools are available to the County to manage these risks?

As a municipality, Montgomery County is immune from some types of liability. In addition, Indiana law limits the County's tort liability. However, these statutory limits of liability leave the County exposed to a significant amount of risk.

Fortunately, the County has several tools which can be used to manage risk. Risk management experts categorize these tools as follows:

1. **Risk Avoidance:** Don't do it! Don't build a skate park. Don't hire employees with violent tendencies. Don't allow alcohol to be used at County facilities. Don't allow dangerous activities at County facilities. Avoid the risk altogether.
2. **Loss Prevention:** If you must do it, manage the risk in such a way as to minimize the risk involved. For example, you must maintain the facilities. So, provide workers with the adequate training, safety apparel, and equipment. You must construct and maintain roads and streets. So, provide all of the necessary safety measures to prevent losses as much as possible. Take prudent steps to prevent losses which occur because of the risks the County cannot avoid.
3. **Loss Reduction:** For risks that are unavoidable, take steps to minimize their adverse effects. For example, there is no way to prevent someone from firing a weapon at our police

officers. But we can provide vests. A fire caused by a lightning strike may occur. But we can install sprinkler systems, fire alarms, and smoke detectors in the buildings. We cannot always prevent workers from falling, but we can provide hard hats for dangerous conditions. Utilize tools available to the County which can minimize the extent of losses from risks the County cannot avoid.

4. **Uncertainty Reduction:** Knowledge is power. Perform background checks on employees prior to hiring. Have a drug testing policy. Check operator's licenses for problems. Check references prior to entering into contracts with vendors. These measures give you information which allows the County to avoid or prevent losses before they occur.
5. **Risk Transfer:** Let it be someone else's risk. The best examples of this type of tool are insurance and indemnification. If police officers are going to work off-duty security jobs, require the third-party employer to indemnify the County for any liability arising from that work. Shift the risk contractual to another party in order to relieve the County of the risk. This is common practice for the County, but it is not a perfect solution. Some vendors are financially unable to carry the risk. Some vendors may allow their insurance to lapse prior to a loss. Still, this is an important tool which the County utilizes.

There are many tools, but most tools fall within these categories. A mix of these types of risk management must be used to manage risk.

A Comprehensive Plan of Risk Management

It is the policy of Montgomery County to assess risk, identify risk management tools to address risks identified, formulate policies that require proper risk management measures by employees, implement these risk management policies, and annually review the risk management plan. The primary legal responsibility for the administration of this plan falls to the County Commissioners, elected officials, and appointed department heads.

The specific measures to be implemented in the management of risk are:

1. **General Risk Management:**
 - a. Adopt a risk management plan;
 - b. Annually review and update the plan; and
 - c. Engage the County's insurance carrier re improvement of risk management practices.
2. **Roads and Streets:**
 - a. Risk Avoidance:
 - i. Avoid building or assuming control of unnecessary roadways; and
 - ii. Close unneeded streets;
 - b. Loss Prevention:
 - i. Engage engineers for all road design aspects;

- ii. Regularly inspect roads for dangerous conditions;
 - iii. Regularly inspect road signs for visibility issues and need for replacement
 - iv. Implement maintenance plan for roads and signs
 - v. Lower speeds and establish speed limits on unposted roads
- c. Loss Reduction:
 - i. Ensure that design of roadways included mitigation features such as shoulders, speed mitigation devices, and line of sign control.
 - ii. Ensure that signs and traffic control measures comply with Uniform Traffic Signal Standards
- d. Uncertainty Reduction
 - i. Perform traffic studies to identify traffic congestion and areas of high accident frequency.
- e. Uncertainty reduction:
 - i. Obtain indemnification agreements with design engineers and construction contractors for design issues;
 - ii. Maintain liability insurance policy
- f. Action steps:
 - i. Prepare traffic safety plan;
 - ii. Implement Traffic Safety Plan (2020).

3. Public Interaction with Police

- a. Risk Avoidance
 - i. Screen new hires for past disciplinary problems
 - ii. Screen new hires for past criminal history
- b. Loss Prevention
 - i. Conduct training re law enforcement techniques, rules and policies
 - ii. Implement measures at jail to protect inmates from each other
- c. Loss Reduction
 - i. Conduct training re interaction likely to lead to escalation and techniques to handle such interaction
 - ii. Provide vests and other safety equipment to officers in order to promote officer safety
- d. Uncertainty Reduction
 - i. Provide in-car cameras to all officers
 - ii. Maintain practice of thorough background investigations during hiring process
- e. Risk Transfer
 - i. Participate in mutual aid agreements with other jurisdictions in order to ensure proper resources during major law enforcement event;

- ii. Maintain off-duty policies which require approval of all off-duty work and indemnification agreement from third party employers;
 - iii. Maintain liability insurance coverage
- f. Action Steps
 - i. Review Standard Operating Procedures and General Orders in order to ensure implementation of risk management practices.

4. Facility Use

- a. Risk Avoidance:
 - i. Limit use of County facilities to public
 - ii. Prohibit use of alcohol on County property.
- b. Loss Prevention
 - i. Adopt rules for use of property
 - ii. Regularly inspection and maintain facilities
 - iii. Install signs and other mitigation measures for dangerous conditions
- c. Loss Reduction:
 - i. Maintain and inspect fire, security and weather alarms
 - ii. Conduct annual employee training and drills
- d. Uncertainty Reduction
 - i. Develop web-based reservation system for facility use and make available to administration and Sheriff
 - ii. Use contracts for use
- e. Risk Transfer
 - i. Require indemnification agreements
 - ii. Maintain liability insurance
- f. Action Steps
 - i. Prepare written plan
 - ii. Develop web-based reservation system and notification protocol
 - iii. Develop use agreement

5. Legal Compliance

- a. Risk Avoidance
 - i. Prohibit providing legal advice by employees
 - ii. Comply with Open Door Law and Access to Public Records Act
- b. Loss Prevention
 - i. Develop policies for Open Door and APRA request response
 - ii. Annually review all County policies for compliance
- c. Loss Reduction
 - i. Respond promptly to legal notices, lawsuits, claims and Open Door Law and APRA requests.
 - ii. Involve County Attorney when appropriate

- iii. Document legal compliance
- d. Uncertainty Reduction
 - i. Conduct annual training for employees re legal compliance issues and risk management.
 - ii. Conduct annual training for Auditor and Department Heads re personal health information privacy rules.
- e. Risk Transfer – Not applicable
- f. Action Plan
 - i. Prepare written plan
 - ii. Conduct and document training

6. Motor Vehicle Use by Employees

- a. Risk Avoidance
 - i. Limit number of employees who drive to conduct County business
- b. Loss Prevention
 - i. Conduct annual training regarding safety rules and policies
 - ii. Require use of all safety restraints
 - iii. Limit use of mobile telephone while driving
 - iv. Prohibit texting while driving

Public Hearing: Re-Zone Request Ronald & Kimberly Kiger 10250 East Block of SR32 from Residential to Commercial

Thursday, December 19, 2024 9:09 AM

MONTGOMERY COUNTY PLAN COMMISSION

Case Number: RZ 2024-3

Date: 11/27/24

Petitioner- KIGER, RONALD & KIMBERLY

Location – 10250 E Block of State Road 32, CRAWFORDSVILLE, IN 47933 in Montgomery County

Findings

Based upon the staff report, the evidence presented by the petitioner, and statements made by the public, the Commission makes the following findings:

1. The approval will not be injurious to the public health, safety, morals and general welfare of the community;
Rezoning this property from residential to commercial for a wedding venue and chapel is consistent with the comprehensive plan. The use will not have a significant impact on the surrounding uses of agriculture and residential.
2. The current conditions and character of the area and uses in the district were evaluated by the Plan Commission. The use is desirable given the need for this type of use and conditions set forth by the Commission for the property.
3. This is the most desirable use for which the land in the area is adapted;
The proposed use will mesh with the surrounding area with the conditions imposed by the Plan Commission including hours of operation.
4. Property values in the adjacent area would not be adversely affected and will likely increase the value of the subject property.
5. Is the proposed development responsible development?
The proposed wedding venue is consistent with responsible development and growth for the area and not be a burden on County road system or schools.

Therefore, the Re-zone is sent to the Montgomery County Commissioners with a favorable recommendation by vote of ____5__ in favor and ____0__ against.

Ordinance 2024-36 Approving Request of Ronald & Kimberly Kiger and Rezoning Certain Parcels of Land at 10250 East Block of SR32 from Residential to Commercial

Wednesday, December 18, 2024 9:42 AM

**MONTGOMERY COUNTY
BOARD OF COMMISSIONERS**

ORDINANCE 2024-36

**APPROVING THE REQUEST OF RONALD & KIMBERLY KIGER AND
REZONING CERTAIN PARCELS OF LAND AT 10250 EAST BLOCK OF
STATE ROAD 32 FROM RESIDENTIAL TO COMMERCIAL**

WHEREAS, Ronald and Kimberly Kiger (Kigers) filed a proposal to rezone from Residential to Commercial certain parcels of land in the 10250 East Block of State Road (Parcels No. 54-08-36-200-006.003-014, 54-36-200-006.004-014, and 54-36-200-006.005-014) in Montgomery County, (the legal description for the parcels is attached as Exhibit A); and

WHEREAS, if the rezone is approved, the Kigers intend to develop the 8 acres (3 parcels) into a wedding venue with a chapel; and

WHEREAS, the Montgomery County Plan Commission published notice of a public hearing for Case RZ2024-3 and conducted a public hearing on the proposal on November 27, 2024; and

WHEREAS, the Plan Commission considered Kigers' request, comments by the public, the case report and comments by the Zoning Administrator, and approved a favorable recommendation on November 27, 2024; and

WHEREAS, the Plan Commission properly certified its recommendation to the Montgomery County Board of Commissioners on December 1, 2024, and this certification included a favorable recommendation for the rezone to Commercial, subject to the following conditions:

- A. That prior to the issuance of permits for construction, the Kigers receive and comply with the approval of the Indiana Department of Transportation for an entrance access to the site off of State Road 32;
- B. That the Kigers comply with all buffer requirements of Section 18.09 of the Zoning Ordinance in those areas where the site adjoins residential development;
- C. That the hours of operation of the wedding venue and chapel be limited to no earlier than 8 a.m. and no later than 11 p.m.; and
- D. That the operation of a wedding venue and chapel is the only permitted use on the site (all other permitted commercial uses are prohibited).

WHEREAS, the Board of Commissioners published notice of a public hearing on the proposal and conducted a public hearing on December 23, 2024; and

WHEREAS, the Board of Commissioners, having considered the certification of the Plan Commission, presentations of the Zoning Administrator and the Kigers, and comments from the public, and having paid reasonable regard to this evidence and

1. the Montgomery County Comprehensive Plan;
2. the current conditions and the character of current structures and uses in each zoning district;
3. the most desirable use for which the land in each district is adapted;
4. the conservation of property values throughout the unincorporated area of Montgomery County; and
5. responsible development and growth

now finds as follows:

1. Rezoning this real estate from Residential to Commercial for a wedding venue and chapel, with the conditions recommended by the Plan Commission, is consistent with the Comprehensive Plan as it will encourage and facilitate a commercial use which will not have significant adverse impacts on surrounding agricultural and residential uses;

2. the approval, with the conditions recommended by the Plan Commission, will not be injurious to the public health, safety, morals, and general welfare of the community;

3. the use and character of land and structures in the area adjacent to the subject site and in the area generally is residential and agricultural and will not be affected in a substantially adverse manner by development of a wedding venue and chapel because this use is not disharmonious with the uses in the area and because the limitations imposed on hours of operation will mitigate any substantial adverse impacts;

4. the approval of the rezone request will likely increase the value of surrounding agricultural and residential property and will not substantially and adversely impact the value property in the area of the subject property;

5. the approval of the requested rezone is consistent with the interests of responsible development and growth in that the approval will not unduly burden the schools, County or State roads and highways, or unduly burden utility providers;

6. the proposed use of the property as a wedding venue and chapel is consistent with the most desirable use of the property in the district given the need for such use, the location of the site, and the conditions imposed by the approval; and

7. that the requested proposal to rezone the subject land from Residential to Commercial for a wedding venue and chapel should be granted, with the conditions recommended by the Plan Commission.

IT IS, THEREFORE, ORDAINED that the request by Ronald and Kimberly Kiger to rezone a certain parcel of real estate, located north of State Road 32 East, specifically at the 10250 East block of State Road 32, specifically parcels No. 54-08-36-200-006.003-014, 54-36-200-006.004-014, and 54-36-200-006.005-014, in Montgomery County, and described more particularly in Exhibit A, from Residential to Commercial for wedding venue and chapel development is hereby approved, subject to the following conditions:

- A. That prior to the issuance of permits for construction, the Kigers receive and comply with the approval of the Indiana Department of Transportation for an entrance access to the site off of State Road 32;
- B. That the Kigers comply with all buffer requirements of Section 18.09 of the Zoning Ordinance in those areas where the site adjoins residential development;
- C. That the hours of operation of the wedding venue and chapel be limited to no earlier than 8 a.m. and no later than 11 p.m.; and

D. That the operation of a wedding venue and chapel is the only permitted use on the site (all other permitted commercial uses are prohibited).

IT IS FURTHER ORDAINED that the subject real estate is hereby rezoned to Commercial, with conditions, and the Zoning Administrator is directed to record this ordinance, change the Zoning Maps, which are incorporated into the Zoning Ordinance, in order to reflect this rezone, and to maintain a record of the conditions contained in this approval.

IT IS FURTHER ORDAINED that this ordinance is effective upon adoption.

MONTGOMERY COUNTY PLAN COMMISSION

Case Number: RZ 2024-2

Date: 11/27/24

Petitioner- Miller, Dwight Alex

Location – **4850 W block of Fall Creek Road**

Findings

Based upon the staff report, the evidence presented by the petitioner, and statements made by the public, the Commission makes the following findings:

1.Rezoning this real estate from Agricultural to Residential Subdivision (R-2) for single family residential development, with the conditions recommended by the Plan Commission, is consistent with the Comprehensive Plan as it will encourage and facilitate residential needed residential development;

2. the approval, with the conditions recommended by the Plan Commission, will not be injurious to the public health, safety, morals, and general welfare of the community;

3. the use and character of land and structures in the area adjacent to the subject site and in the area generally is residential and agricultural and will not be affected in a substantially adverse manner by development of single-family residential uses on the land because of the 2-lot limitation recommended by the Plan Commission;

4. the approval of the rezone request will likely increase the value of surrounding agricultural and residential property and will not substantially and adversely impact the value property in the area of the subject property;

5. the approval of the requested rezone is consistent with the interests of responsible development and growth in that the approval will not unduly burden the schools, County or State roads and highways, or unduly burden utility providers;

6. the proposed use of the property as single-family residential is consistent with the most desirable use of the property in the district given the need for residential development in Montgomery County; and

7. that the requested proposal to rezone the subject land from Agriculture to Residential Subdivision (R-2) for single family residential development should be granted, with the conditions recommended by the Plan Commission.

Project Description:
Montgomery County – Bridge 80 Replacement on CR 300 North

The existing prestressed concrete adjacent box beam bridge on CR 300 North is located in the floodplain of Black Creek and outside the incorporated limits of the City of Crawfordsville. The existing beams display advanced deterioration, and the spliced piles which are being used to retain precast concrete backwall panels are displaying flaking rust and deterioration. A full replacement of this bridge utilizing a longer, clear span, pre-engineered steel beam bridge bearing on new pile-supported concrete cap end bents is intended to be the proposed structure size and type. Roadway approach work, site grading, guardrail installation, and utility relocation are anticipated to be incidental to the bridge construction.

Scope of Services Included:

Our scope of work shall include the following:

- Design costs included assume local funding will be used for design and construction.
- Design elements include: generating preliminary line and grade drawings, performing hydraulic design (excluding a HEC-RAS hydraulic model), providing preliminary cost estimates at 50% Plans, applying for IDEM 401/USACE 404 RGP, performing substructure design, providing structural drawings, providing Final Construction Plans and Bid Specifications, and providing a final Engineer's Estimate
- Providing utility relocation notifications to any affected utility company within the project limits
- Attending the bid opening meeting, reviewing the bids, and making a recommendation for the bid award
- Topographic survey included for plan generation
- Geotechnical Investigation included for structural design and plan generation

 - Total fee due each month will equal the total of any Variable Fee, and/or Direct Cost.
 - Invoices to be billed monthly through standard County Claims process.

**Consultant Services Agreement
Attachment B
Terms & Conditions**

Services Consultant will perform professional services for the Project as set forth in Attachment A and in accordance with these Terms & Conditions.

Authorized Representatives The officer assigned to the Project by the Montgomery County Commissioners (Client) is the only authorized representative to make decisions or commitments on behalf of Client. The Consultant shall designate a representative with similar authority.

Project Requirements Client shall confirm the objectives, requirements, constraints, and criteria for the Project based on Client input. If the Client has established design standards, they shall be furnished to Consultant at Project inception. Consultant will review the Client design standards and may recommend alternate standards considering the standard of care provision.

Site Access The Client shall obtain all necessary approvals for Consultant to access the Project site(s).

Period of Service Consultant shall perform the services for the Project in a timely manner consistent with sound professional practice. Consultant will strive to perform its services according to the Project schedule set forth in Attachment A. The services of each task shall be considered complete when deliverables for the task have been presented to the Client.

Compensation In consideration of the services performed by Consultant, Client shall pay Consultant in the manner set forth in Attachment A. The parties acknowledge that terms of compensation are based on an orderly and continuous progress of the Project.

Payment Definitions The following definitions shall apply to methods of payment:

- Salary cost is defined as the individual's base salary plus customary and statutory benefits. Statutory benefits shall be as prescribed by law and customary benefits shall be as established by Consultant employment policy.
- Cost plus is defined as the individual's base salary plus actual overhead plus professional fee. Overhead shall include customary and statutory benefits, administrative expense, and non-project operating costs.
- Lump sum is defined as a fixed price amount for the scope of services described.
- Subcontracted services are defined as Project related services provided by other parties to Consultant.
- Reimbursable expenses are defined as actual expenses incurred in connection with the Project.

Payment Terms Consultant shall submit statements for services performed and Client shall pay the full invoice amount within thirty (30) days.

Additional Services The Consultant and Client acknowledge that additional services may be necessary for the Project to address issues that may not be known at Project initiation or that may be required to address circumstances that could not be foreseen. In that event, Consultant shall notify the Client of the need for additional services and Client shall pay for such additional services in the amount and manner as Client and Consultant may subsequently agree.

Independent Consultant Consultant shall serve as an independent consultant for services provided under this agreement. Consultant shall retain control over the means and methods used in performing their services and may retain subconsultants to perform certain services as determined by Consultant.

Standard of Care Services provided by Consultant will be performed with the care and skill ordinarily exercised by members of the same profession practicing under similar circumstances.

Compliance with Laws Consultant shall perform its services consistent with sound professional practice and endeavor to incorporate laws, regulations, codes, and standards applicable at the time the work is performed.

Permits and Approvals Consultant will assist Client in preparing applications and supporting documents to secure permits and approvals from agencies having jurisdiction over the Project. Consultant understands all application and review fees will be paid by the Client.

Ownership of Documents Upon Owner's payment in full for all work performed under the Contract Documents, Consultant shall grant Owner a limited license to use the work product conditioned on Owner's express understanding that its use of the work product is at Owner's sole risk and without liability or legal exposure to Consultant or anyone working by or through the Consultant.

Insurance Consultant and/or all subconsultants will maintain the following insurance and coverage limits during the period of service.

<u>Worker's Compensation</u>	As required by applicable state statute
<u>Commercial General Liability</u>	\$1,000,000 per occurrence (bodily injury including death & property damage) \$1,000,000 aggregate, \$5,000,000 aircraft.
<u>Automobile Liability</u>	\$1,000,000 combined single limit for bodily injury and property damage
<u>Professional Liability</u>	\$1,000,000 each claim and in the aggregate

Waiver of Subrogation Consultant shall endeavor to obtain a waiver of subrogation against the Client, if requested in writing by the Client, provided that Consultant will not increase its exposure to risk and Client will pay the cost associated with any premium increase or special fees.

Indemnification Consultant shall indemnify Client from any reasonable damages caused solely by the negligent act, error, or omission of Consultant in the performance of services under the Project. If such damage results in part by the negligence of others, Consultant shall be liable to the extent of their negligence.

Cost Opinions Consultant shall prepare cost opinions for the Project based on experience and historical information that represent the judgment of a qualified professional.

Shop Drawing Review If included in the scope of service, Consultant shall review shop-drawing submittals from the contractor for their conformance with the design intent of and performance criteria specified for the Project.

Construction Review If included in the scope of service, Consultant shall observe the progress and content of the work to determine if the work is proceeding in general accordance with the Contract Documents. This construction review is intended to observe, document, and report information concerning the construction process. Observation of work at the Project site shall not make Consultant responsible for the work performed by another party, the means, methods, techniques, sequences, or procedures selected by another party, nor the safety precautions or programs of another party.

Rejection of Work Consultant may only recommend that the Client reject work by construction contractors that does not conform to the requirements of the Project.

Safety Consultant shall be responsible for the safety precautions or programs of its employees.

Information from Other Parties Consultant and Client acknowledge that Consultant will rely on information furnished by other parties in performing its services under the Project.

Construction Record Drawings If included in the scope of service, Consultant will deliver construction record drawings to Client incorporating information furnished by construction contractors. In that construction record drawings are based on information provided by others, Client will not warrant their accuracy.

Defects in Service Client shall promptly notify Consultant of any defect or suspected defect in the services performed. Consultant will take timely action to minimize the consequences of any confirmed defect. Consultant shall correct defects at their cost.

Dispute Resolution Consultant and Client agree that they shall diligently pursue resolution of all disagreements within 45 days of either party's written

notice using a mutually acceptable form of mediated dispute resolution prior to exercising their rights under law. Consultant shall continue to perform services for the Project and the Client shall pay for such services unless the Client issues a written notice to suspend or terminate work.

Suspension of Work Client may suspend services performed by Consultant with cause upon fourteen (14) days written notice. Consultant shall submit an invoice for services performed up to the effective date of the work suspension and Client shall pay Consultant all outstanding invoices within fourteen (14) days of receiving payment from the Client. If the work suspension exceeds thirty (30) days from the effective work suspension date, Consultant shall be entitled to renegotiate the Project schedule and the compensation terms for the Project.

Termination Consultant or Client may terminate services on the Project upon seven (7) days written notice in the event of substantial failure by the other party to fulfill its obligations of the terms hereunder. Consultant shall submit an invoice for services performed up to the effective date of termination and Client shall pay Consultant all outstanding invoices within thirty (30) days of receiving the Consultant invoice. Client may withhold an amount for services that may be in dispute provided that Client furnishes a written notice of the basis for their dispute and that the amount withheld represents a reasonable value.

Governing Law The terms of agreement shall be governed by the laws of the state where the services are performed provided that nothing contained herein shall be interpreted in such a manner as to render it unenforceable under the laws of the state in which the Project resides.

Assignment Neither party shall assign its rights, interests or obligations under the Project without the express written consent of the other party.

Waiver of Rights The failure of either party to enforce the provisions of these terms and conditions shall not constitute a waiver of such provisions nor diminish the right of either party to the remedies of such provisions.

Warranty Consultant warrants that they will deliver products under the Project within the standard of care.

Severability Any provision of these terms later held to violate any law shall be deemed void and all remaining provisions shall continue in force. In such event, Consultant and Client will work in good faith to replace an invalid provision with one that is valid with as close to the original meaning as possible.

Survival All provisions of these terms that allocate responsibility or liability between Consultant and Client shall survive the completion or termination of services for the Project.

Approve Amended American Rescue Plan Act of 2021 Coronavirus State and Local Fiscal Recovery Funds Plan

Tuesday, December 17, 2024 11:32 AM

AMENDED PLAN

December 23, 2024

MONTGOMERY COUNTY AMERICAN RESCUE PLAN ACT OF 2021 CORONAVIRUS STATE AND LOCAL FISCAL RECOVERY FUNDS PLAN

Introduction

The U.S. Department of the Treasury announced the launch of the Coronavirus State and Local Fiscal Recovery Funds, established by the American Rescue Plan Act of 2021 (ARPA), in order to provide \$350 Billion in emergency funding for eligible state, local, territorial and tribal governments. The Department of Treasury has released details regarding how these funds may be used to respond to acute pandemic response needs, fill revenue shortfalls among these governments, and support the communities and populations hit hardest by the coronavirus (COVID-19) crisis.

The Department of Treasury has allocated the sum of \$7,446,707 to Montgomery County from these funds to be used for eligible costs.

Montgomery County is required to develop, adopt and implement a plan for the use of these funds which comply with guidance from the Department of Treasury.

ARPA Use of Funds Plan

Given the eligible uses and the acute pandemic response needs of Montgomery County, the Montgomery County government plans to use the ARPA funds consistent with the rules, regulations and guidance of the Department of Treasurer and the Indiana Finance Administration for the following eligible expenses:

1. **Water Infrastructure:** \$3,700,000 for the extension of water infrastructure to rural areas which are underserved in order to provide clean drinking water and other water services. This extension will be from existing water service infrastructure along Nucor Road, extending south on Nucor Road and west from Nucor Road along Comfort Drive;
2. **Stormwater Infrastructure:** \$595,570.41 for the engineering and extension of stormwater infrastructure for an underserved area in the unincorporated community of Mace.

3. **Road Infrastructure:** \$1,719,463.94 for the extension of Purple Heart Parkway. The extension will occur from US 231 to Ladoga Road.

4. **Building Renovation:** \$1,229,837 for the renovation of the Courthouse. The renovation will consist of repair to the exterior of the building, as well as improvements to the interior part of the building.

5. **Building Upgrade:** \$201,835.65 for ADA upgrades to sidewalks and other infrastructure at the Milligan Justice Center.

Introduction Ordinance 2024-35 Amending Employee Handbook

Wednesday, December 18, 2024 8:38 AM

Montgomery County Board of Commissioners

Ordinance 2024-35

Amending Employee Handbook

Whereas, the Board of Commissioners periodically review the Employee Handbook in order to ensure that the Handbook contains policies which provide for efficiency in the delivery of services and appropriate benefits for employees of the Montgomery County government; and

Whereas, the Board of Commissioners have identified a need to clarify the explanation in the Handbook regarding eligibility for group health insurance, given the terms of the County's agreements with its stop-loss carrier, and to make sure that employees are fully aware of the terms and conditions of such eligibility.

Whereas, the Board finds that Section 3.02 of the Handbook should be amended as shown below and that these amendments should be effective January 1, 2025.

It is therefore ordained that Sections 3.02 of the Employee Handbook is hereby amended to read as follows:

3. EMPLOYEE BENEFITS

3.02 INSURANCE

The County provides a comprehensive group insurance program that includes medical, dental, and other benefits. Employees seeking more information regarding these benefits may contact the Auditor.

Under the terms of the County's group medical plan, a full-time employee is eligible for coverage so long as the employee is either:

- (1) working full time;
- (2) is not working but has not exhausted all of the employee's PTO and sick leave; or
- (3) is not working, has exhausted the employee's unused PTO and sick time, but is on Family Medical Leave Act leave (FMLA).

When a full-time employee is no longer working full time, has exhausted the employee's PTO and sick leave, and is not on FMLA leave, the employee's eligibility for coverage ceases. When the employee is no longer eligible for this coverage, the County will provide to the employee notice of this fact (COBRA notice), and this notice will inform the employee of the employee's rights to continue the coverage at the employee's expense and of other rights of the employee.

In the event that two or more members of the same immediate family are employed by the County, all are eligible for coverage. If spouses are employed by the County, the insured will be based on the spouse whose birthday comes first in the calendar year.

It is further ordained that this ordinance shall be effective on January 1, 2025.

It is further ordained that any provisions of the County Code of Ordinances and Employee Handbook which are not specifically amended by this ordinance shall remain in full force and effect.

Adopted this 23rd day of December, 2024.

Ordinance 2024-36 Approving the Request of Ronald & Kimberly Kiger and Rezoning Certain Parcels of Land at 10250 East Block of State Road 32 from Residential to Commercial

Wednesday, December 18, 2024 8:45 AM

**MONTGOMERY COUNTY
BOARD OF COMMISSIONERS**

ORDINANCE 2024-36

**APPROVING THE REQUEST OF RONALD & KIMBERLY KIGER AND
REZONING CERTAIN PARCELS OF LAND AT 10250 EAST BLOCK OF
STATE ROAD 32 FROM RESIDENTIAL TO COMMERCIAL**

WHEREAS, Ronald and Kimberly Kiger (Kigers) filed a proposal to rezone from Residential to Commercial certain parcels of land in the 10250 East Block of State Road (Parcels No. 54-08-36-200-006.003-014, 54-36-200-006.004-014, and 54-36-200-006.005-014) in Montgomery County, (the legal description for the parcels is attached as Exhibit A); and

WHEREAS, if the rezone is approved, the Kigers intend to develop the 8 acres (3 parcels) into a wedding venue with a chapel; and

WHEREAS, the Montgomery County Plan Commission published notice of a public hearing for Case RZ2024-3 and conducted a public hearing on the proposal on November 27, 2024; and

WHEREAS, the Plan Commission considered Kigers' request, comments by the public, the case report and comments by the Zoning Administrator, and approved a favorable recommendation on November 27, 2024; and

WHEREAS, the Plan Commission properly certified its recommendation to the Montgomery County Board of Commissioners on December 1, 2024, and this certification included a favorable recommendation for the rezone to Commercial, subject to the following conditions:

- A. That prior to the issuance of permits for construction, the Kigers receive and comply with the approval of the Indiana Department of Transportation for an entrance access to the site off of State Road 32;
- B. That the Kigers comply with all buffer requirements of Section 18.09 of the Zoning Ordinance in those areas where the site adjoins residential development;
- C. That the hours of operation of the wedding venue and chapel be limited to no earlier than 8 a.m. and no later than 11 p.m.; and
- D. That the operation of a wedding venue and chapel is the only permitted use on the site (all other permitted commercial uses are prohibited).

WHEREAS, the Board of Commissioners published notice of a public hearing on the proposal and conducted a public hearing on December 23, 2024; and

WHEREAS, the Board of Commissioners, having considered the certification of the Plan Commission, presentations of the Zoning Administrator and the Kigers, and comments from the public, and having paid reasonable regard to this evidence and

1. the Montgomery County Comprehensive Plan;
2. the current conditions and the character of current structures and uses in each zoning district;
3. the most desirable use for which the land in each district is adapted;
4. the conservation of property values throughout the unincorporated area of Montgomery County; and
5. responsible development and growth

now finds as follows:

1. Rezoning this real estate from Residential to Commercial for a wedding venue and chapel, with the conditions recommended by the Plan Commission, is consistent with the Comprehensive Plan as it will encourage and facilitate a commercial use which will not have significant adverse impacts on surrounding agricultural and residential uses;

2. the approval, with the conditions recommended by the Plan Commission, will not be injurious to the public health, safety, morals, and general welfare of the community;

3. the use and character of land and structures in the area adjacent to the subject site and in the area generally is residential and agricultural and will not be affected in a substantially adverse manner by development of a wedding venue and chapel because this use is not disharmonious with the uses in the area and because the limitations imposed on hours of operation will mitigate any substantial adverse impacts;

4. the approval of the rezone request will likely increase the value of surrounding agricultural and residential property and will not substantially and adversely impact the value property in the area of the subject property;

5. the approval of the requested rezone is consistent with the interests of responsible development and growth in that the approval will not unduly burden the schools, County or State roads and highways, or unduly burden utility providers;

6. the proposed use of the property as a wedding venue and chapel is consistent with the most desirable use of the property in the district given the need for such use, the location of the site, and the conditions imposed by the approval; and

7. that the requested proposal to rezone the subject land from Residential to Commercial for a wedding venue and chapel should be granted, with the conditions recommended by the Plan Commission.

IT IS, THEREFORE, ORDAINED that the request by Ronald and Kimberly Kiger to rezone a certain parcel of real estate, located north of State Road 32 East, specifically at the 10250 East block of State Road 32, specifically parcels No. 54-08-36-200-006.003-014, 54-36-200-006.004-014, and 54-36-200-006.005-014, in Montgomery County, and described more particularly in Exhibit A, from Residential to Commercial for wedding venue and chapel development is hereby approved, subject to the following conditions:

- A. That prior to the issuance of permits for construction, the Kigers receive and comply with the approval of the Indiana Department of Transportation for an entrance access to the site off of State Road 32;
- B. That the Kigers comply with all buffer requirements of Section 18.09 of the Zoning Ordinance in those areas where the site adjoins residential development;
- C. That the hours of operation of the wedding venue and chapel be limited to no earlier than 8 a.m. and no later than 11 p.m.; and

D. That the operation of a wedding venue and chapel is the only permitted use on the site (all other permitted commercial uses are prohibited).

IT IS FURTHER ORDAINED that the subject real estate is hereby rezoned to Commercial, with conditions, and the Zoning Administrator is directed to record this ordinance, change the Zoning Maps, which are incorporated into the Zoning Ordinance, in order to reflect this rezone, and to maintain a record of the conditions contained in this approval.

IT IS FURTHER ORDAINED that this ordinance is effective upon adoption.

**MONTGOMERY COUNTY
BOARD OF COMMISSIONERS**

ORDINANCE 2024-37

**APPROVING THE REQUEST OF DWIGHT ALEX MILLER AND
REZONING A CERTAIN PARCEL OF LAND NORTH OF FALL CREEK
ROAD FROM AGRICULTURAL TO RESIDENTIAL SUBDIVISION (R-2)**

WHEREAS, Dwight Alex Miller (Miller) filed a proposal to rezone from Agricultural to Residential Subdivision (R-2) a certain parcel of land north of Fall Creek Road (Parcel No. 54-11-16-500-007.000-018) in Montgomery County, (the legal description for the parcels is attached as Exhibit A); and

WHEREAS, if the rezone is approved, Miller intends to develop the 6-acre parcel with a residential subdivision of single-family homes; and

WHEREAS, the Montgomery County Plan Commission published notice of a public hearing for Case RZ2024-2 and conducted a public hearing on the proposal on November 27, 2024; and

WHEREAS, the Plan Commission considered Miller's request, comments by the public, the case report and comments by the Zoning Administrator and approved a favorable recommendation on November 27, 2024; and

WHEREAS, the Plan Commission properly certified its recommendation to the Montgomery County Board of Commissioners on

December 1, 2024, and this certification included a favorable recommendation for the rezone for single-family residential subdivision (R-2), subject to the following conditions:

- A. That development on the six-acre site be limited to no more than two lots, each containing one single family dwelling; and
- B. That the site be developed substantially similar to the concept plan presented to the Commission at the public hearing.

WHEREAS, the Board of Commissioners published notice of a public hearing on the proposal and conducted a public hearing on December 23, 2024; and

WHEREAS, the Board of Commissioners, having considered the certification of the Plan Commission, presentations of the Zoning Administrator and Miller, and comments from the public, and having paid reasonable regard to this evidence and

- 1. the Montgomery County Comprehensive Plan;
- 2. the current conditions and the character of current structures and uses in each zoning district;
- 3. the most desirable use for which the land in each district is adapted;

4. the conservation of property values throughout the unincorporated area of Montgomery County; and

5. responsible development and growth

now finds as follows:

1. Rezoning this real estate from Agricultural to Residential Subdivision (R-2) for single family residential development, with the conditions recommended by the Plan Commission, is consistent with the Comprehensive Plan as it will encourage and facilitate residential needed residential development;

2. the approval, with the conditions recommended by the Plan Commission, will not be injurious to the public health, safety, morals, and general welfare of the community;

3. the use and character of land and structures in the area adjacent to the subject site and in the area generally is residential and agricultural and will not be affected in a substantially adverse manner by development of single-family residential uses on the land because of the 2-lot limitation recommended by the Plan Commission;

4. the approval of the rezone request will likely increase the value of surrounding agricultural and residential property and will not substantially and adversely impact the value property in the area of the subject property;

5. the approval of the requested rezone is consistent with the interests of responsible development and growth in that the approval will not unduly burden the schools, County or State roads and highways, or unduly burden utility providers;

6. the proposed use of the property as single-family residential is consistent with the most desirable use of the property in the district given the need for residential development in Montgomery County; and

7. that the requested proposal to rezone the subject land from Agriculture to Residential Subdivision (R-2) for single family residential development should be granted, with the conditions recommended by the Plan Commission.

IT IS, THEREFORE, ORDAINED that the request by Dwight Alex Miller to rezone a certain parcel of real estate, located north of Fall Creek Road, specifically parcel 54-11-16-500-007.00-018, in Montgomery County, and described more particularly in Exhibit A, from Agricultural to Residential Subdivision (R-2) for single family residential development is hereby approved, subject to the following conditions:

A. That development on the six-acre site is limited to no more than two lots, each containing one single family dwelling; and

B. That the site will be developed substantially similar to the concept plan presented to the Commission at the public hearing.

IT IS FURTHER ORDAINED that the subject real estate is hereby rezoned to Residential Subdivision (R-2), with conditions, and the Zoning Administrator is directed to record this ordinance, change the Zoning Maps, which are incorporated into the Zoning Ordinance, in order to reflect this rezone, and to maintain a record of the conditions contained in this approval.

IT IS FURTHER ORDAINED that this ordinance is effective upon adoption.

Introduction 2024-38 Ordinance Establishing Battery Storage Requirements

Wednesday, December 18, 2024 8:57 AM

MONTGOMERY COUNTY
BOARD OF COMMISSIONERS
Ordinance 2024-38

Adopting Text Amendments to the Zoning Ordinance

Whereas, the Montgomery County Plan Commission conducted a public hearing on October 16, 2024 on text amendments to the Montgomery County Zoning Ordinance which would add Article 20, Commercial Battery Energy Storage Systems, to the Zoning Ordinance, and the Commission voted unanimously on October 16, 2024 to send a favorable recommendation on such text amendment to the Commissioners; and

Whereas, on October 25, 2024, the Plan Commission certified its recommendation to the Commissioners; and

Whereas, having considered the proposed amendments and additions and comments from members of the public and having paid reasonable regard to the comprehensive plan, current conditions and the character of current structures and uses in each district, the most desirable use for which the land in each district is adapted, the conservation of property values throughout the district, and responsible development and growth, the Board of Commissioners hereby finds as follows:

1. Approving the proposed text amendments is consistent with the Comprehensive Plan in that it designates at least one district for a new use and adopts regulations to promote harmonious land use;
2. Approving the proposed text amendments is consistent with the current conditions and character of current structures and uses in each district by providing for regulations to mitigate any adverse impacts to existing uses;
3. Approving the proposed text amendments is consistent with the most desirable use for which the land in each district is adapted because the amendment provides for such commercial battery energy storage systems to be in Industrial Districts and be subject to certain regulation;
4. Approving the proposed text amendment will lead to the conservation of property values throughout the jurisdiction by providing for standards that promote growth but protect current uses that are of a different type in adjacent properties;
5. Approving the proposed text amendment is consistent with responsible growth and development in that the amendments will promote harmonious development by regulating the situs of such use and mitigating adverse impacts to existing land use; and

6. The proposed text amendment to the Zoning Ordinance should be approved.

IT IS, THEREFORE, ORDAINED that the Montgomery County Zoning Ordinance is hereby amended by added the attached Article 20, Commercial Batter Energy Storage Systems, to the existing Zoning Ordinance.

IT IS FURTHER ORDAINED that all other provisions of the Montgomery County Zoning Ordinance, not expressly amended by this Ordinance, will remain in full force and effect.

IT IS FURTHER ORDAINED that this ordinance shall become effective upon adoption.
