

Montgomery County Economic Development Plan Public Workshop

The future of our great county needs you!

Montgomery County has a strong heritage of economic success, and the time has come to develop a vision for how the county can continue to build on that success. Montgomery County was fortunate enough to be selected for a grant that will fund the development of this plan. This vision, and the roadmap to implement it, will build on the foundations already in place and will guide the future of the county. Input from the community is critical to ensure this plan represents the county's shared vision for economic success.

You are invited to attend a presentation and provide your input at the Economic Development Plan Public Workshop scheduled for April 12th at 6pm in the commons area at North Montgomery High School.

Please join us as we identify and discuss goals and strategies to enhance your community's future and capitalize on the opportunities of tomorrow!

The meeting will be held:

Wednesday, April 12, 2017

6:00 p.m.

North Montgomery High School

5945 US-231, Crawfordsville, IN 47933
